About us

RADKA EXIM - A Partnership firm which started in 2004 and is a big name in EXPORT today. It is accredited by **CIEMEXCIL, EDPC and DNB.**

Objective

Primary objectives of our Organization are to provide the quality products and best services to our customers. We are empowered with our advanced manufacturing unit that is equipped with advanced technologies to develop and manufacture wide range of products.

An Industry Leader

Radika Exim is well suited to provide all technical and customer support to help in creating new product concepts and remains committed at every stage of development. We owe our success to our experienced team of personnel, cutting edge technology and outstanding customer service.

Activities

Various seminars, workshops, interactive sessions and brainstorming discussions with people from industry and eminent professionals and academicians are constantly organized by Radika Exim which promotes intellectual growth for the improvement of our products. We participate in many international trade fairs & buyer-seller meet.

Research & Development

Our research and development department is supported by professional team with outstanding experience and expertise in the business and technical analysis.

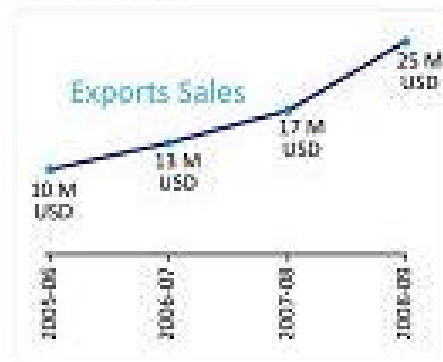

Our quality assurance starts from the very beginning of planting material to the delivery of products. Our workforce is driven by our corporate mission and objective to deliver on time.

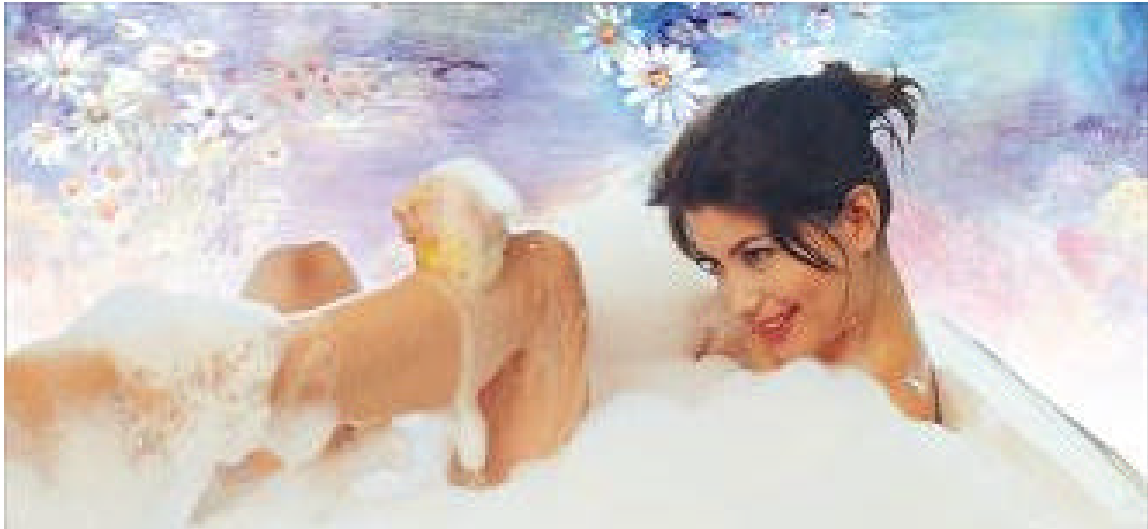

Vision & Mission

- Best in quality
- Excellent performance
- Superior value
- Teamwork

Distribution Network

Firm has international presence in **UAE, AFRICA, LATIN AMERICA and FAR EAST ASIAN COUNTRIES.** We are continuously expanding our agency network and forging partnership with our customers worldwide in search of long term business growth opportunities. Being strategically located from port Kandla/Gujarat, India we are able to deliver our products efficiently.
